Jeanne. Am sitting at the board meeting for The Center. Excitement is building for the grand opening on July 13. Staff will be reaching out to you re inviting the Councilmember to a participant re-opening on May 31. (Us board members will be there that day at service staff!)

We were talking about the yeoman's work done by Stormy to be the volunteer project manager for the last several years. We could never have done this without him - and the value of his time and expertise over this entire period (including the planning and bidding) is in excess of a couple hundred thousand dollars!

Would it be possible - if I drafted the proclamation - to get a full city council proclamation for him?
